Docket Position: Against

We moved to Appaloosa Meadows in Chino Valley in 2011. Shortly after our move we were informed by the Appaloosa Water Company that they had raised the rates due to new filters needed for the Arsenic levels being too high in the water that Appaloosa Water Company was providing. We are not sure where the money was used, but the Arsenic levels are still too high, and now the owner is asking for a 100% rate increase to address the same problem that was reported four years ago. Thank you, Ray and Kitty Tanner
